Your Win/Loss Statement will include estimated Slot and Table Game win/loss information from Riverside Casino & Golf Resort. The tracking system used in providing this information is based on the use of your Resort Club Card (this report does not include any uncarded play). Therefore, this statement will not reflect an accurate accounting record—it merely provides an estimate you can use to compare to your records. The IRS recommends that you keep your own records of your gaming activity.

*I do hereby certify that the information contained above is true and correct, and I authorize Riverside Casino & Golf Resort to provide me a Win/Loss Statement of my Resort Club account tracked gaming activity. In consideration of this, I agree to release and hold harmless Riverside Casino & Golf Resort, and all of its directors, employees, officers, managers, affiliated persons, and representatives from any and all claims, causes of action, liabilities, costs, or damages arising from or relating to the information and its release as a result of this request. I further understand that the information requested is generated from a player's tracking system based on my Resort Club account history and is not intended to be, or take place of, my own records of my gaming activity.
